INTER-OFFICE CORRESPONDENCE

The television programme shown on AKTV2 at 7 p.m. last Sunday came across very well and we would like to extend our congratulations to Bill Fryer on an excellent showing.

P.J. MCKAY,
AUCKLAND BRANCH MANAGER.

Mr. P. J. McKay,
Branch Manager,
AUCKLAND.

7/8/67.

Dear Mac,

The form of address is not presumptuous but rather as to a good friend.

Your letter to the General Manager has finally crossed my desk having been intialed by all the right people. You know me as well if not better than most others in our company (at least this is what I choose to believe) therefore you know that I am not prone to mouthing platitudes.

In fact my failing of saying things a little too positively at times would be nearer to the truth. However this failing has mellowed somewhat over the last few years. (I think!)

Yours was the only letter received which makes it all the more important to me. The immense satisfaction that you should take the trouble to put pen to paper on my behalf to no less than the General Manager cannot be measured with the written word.

I thank you for all your assistance and for your continued vote of confidence.

In your pending retirement let me wish you many happy future years to come and if one day in your wanderings you find yourself in the same area that we are domiciled we would consider it an honour if you and your wife would call at our home even if only for a cup of tea.

Wishing you all the very best on that holiday which you so richly deserve and hoping our association has not completely terminated.

Yours very sincerely,

W. J. Fryer,
Plant Manager.

Dear Bill / I hope you do
not think I regarded your
letter lightly.

Your various Comments
+ Sentiments expressed
registered with me far greater
than you can imagine.

You will realise that for
the past 3 months I have
not even been "with it" +
out of all the letters +
Telegrams I received prior
to going to Australia yours
is amongst the first 3 I
have acknowledged.

Let me assure you I

Understand & appreciate
everything you have conveyed
in your letter.

I still don't understand
why the best Technical man
in NZ was appointed to
Deputy Curator but can
only assume you knew what
you were doing & were promised
a proper reward after the
D.C. Programme was finished.
- if you didn't get this shown
up I wonder he surprised.

Please feel free to call
on me at any time for
advice.

I am sorry to say I am
not able to refer to any longer
to "my boys". However you
were one of them & I can
only say I wish you & yours
all the best possible success
& happiness in the future.

Yours sincerely
R. J. Mac
