WELLINGTON. NEW ZEALAND.

Dear Sir,

After being assured of a position as accounting machine converters with Burroughs Decimal Conversion Plant in New Zealand, Mr.C. Herringe and I booked our passage on the "Australis" which was due to depart Sydney on 30th June.

Owing to the Suez crisis this ship will now be delayed three or four days and the shipping company policy is against refunding our fare.

Would you please advise as soon as possible if this will cause any inconvenience to you.

*Cable sent.*

Yours faithfully,

Leon Benater.
